

33-VETON

LED BATTEN

Housing Fabricated from cold rolled close annealed (CRCA) steel sheet powder coated in white (RAL9016) color

Reflector Aluminum or Painted Steel formed for Symmetric or As-symmetric light distribution as an option

Light Source LED Tube

- Benefits**
- No light pollution
 - High performance energy saving
 - Flexible linear requirements
 - Environment-friendly

DESCRIPTION

LED batten lights are energy efficient, environment-friendly and durable as compared to fluorescent tube lights. It can lighten up large spaces with constant brightness, produce less heat, and flicker-free operation. It requires less current yet higher light output capacity compared to other sources and has a longer lifespan.

APPLICATION

Provides general lighting solution for areas such as supermarket, corridors, store rooms, industrial offices

SPECIFICATION

	33-VETON 8W	33-VETON 16W	33-VETON 18W
Light Source	Philips LED Tube	Philips LED Tube	Philips LED Tube
LED Driver	Built-in	Built-in	Built-in
Wattage	8W	16W	18W
Lumen@Source*	800 lm	1600 lm	2100 lm
CCT**	3000K / 4000K / 6500K	3000K / 4000K / 6500K	3000K / 4000K / 6500K
CRI (Ra)	>80 and 5 SDCM	>80 and 5 SDCM	>80 and 5 SDCM
LED Life	50,000 hrs / L70	50,000 hrs / L70	50,000 hrs / L70
Working Ambient Temperature	50°C	50°C	50°C

Tube Type	Essential	Ecofit	Master LED
@ 2ft	800 lm	800 lm	1050 lm
@ 4ft	1600 lm	1600 lm	2100 lm

*Luminous Flux tolerance ±5% / **CCT Tolerance ±5%
