COMPANY INTRODUCTION

M A N A G E M E N T M E S S A G E

Firstly we would like to thank our shareholders and partners (clients, consultants and suppliers) who supported us through the years of Lite Tech history, for our team for their commitment, dedication and enthusiasm to build a unique address brand "Lite Tech"; your preferred partner for professional lighting.

Founded in 1990 by M/s. **MOUAYAD AL-HASSAN**, received Dubai Quality Award in 1997 then immediately became partner of **Dubai Investment PJSC group** and in 1999 became A **Philips Lighting** joint venture company in the Middle East., Head-quartered in Dubai, United Arab Emirates (UAE), Ras Al Khor 2nd Industrial area, operating out of facilities over 6,000 m², focused on quality of products and customer services; Lite Tech factory is equipped with modern machinery, production lines, in-house testing laboratory and photometric laboratory, supported by a team of highly qualified, experienced and well trained experts, professionals and technicians. In 1996, Lite Tech obtained BS EN ISO 9001 total quality certificate.

Lite Tech is a leader in the production of energy efficient LED luminaires in accordance with local and international standards, offering cost effective lighting solutions that meets clients lighting needs. Our team of experts and professionals continuously assess market needs, new developments in lighting technologies, local and international standards, in order to develop new luminaires, and improve existing ones.

Lite Tech manufactures a wide range of indoor and outdoor LED luminaires with **PHILIPS** LED Driver and high performance LED chips from Japan / Korea, having guarantee of 5 years - 50,000 hrs according to our R&D department recommendations and customized luminaires with special requirements according to customer needs, using CAD programs for designing and developing high quality, safe, durable, easy to install and easy to maintain luminaires. All Lite Tech luminaires comply with international and national standards. Equipped with high grade components and state of the art light controllers, Lite Tech offers energy efficient luminaires providing outstanding lighting performance that gives more value to our clients.

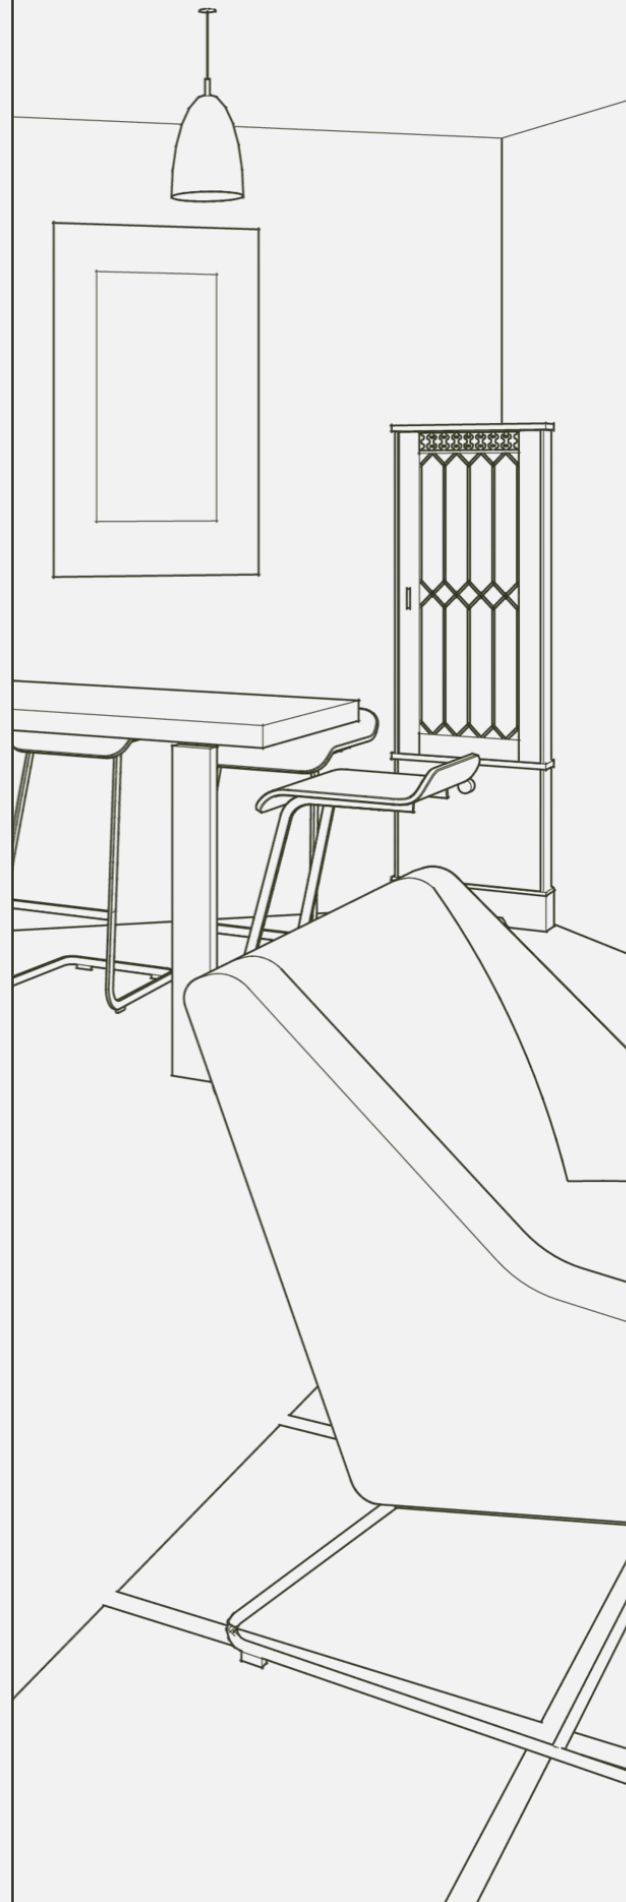

In order to guarantee quality of our products, our quality control team executes in line quality tests to all parts at all steps of manufacturing processes (cutting, punching, bending, rolling, chemical treatment, electrostatic powder coating, wiring, assembly, etc.). Samples of assembled luminaires are selected at random before final packing, and tested in our in-house laboratory; assuring our clients high quality, reliable and hassle free products. CB test certificates to IEC60598 have been issued by The Lighting Industry Association (LIA) Laboratory Limited, U.K.

Lite Tech provides free of charge support for your lighting projects; our trained designers and team of engineers shall assist with the most perfect designs and efficient solutions for your lighting projects; ensuring to meet the lighting needs and architectural requirements beside cost saving. Today, with a network of sales operations in the region, Lite Tech proudly exports to GCC, Middle East, Africa and Asia. Finally, with your partnership and support; Lite Tech is committed to continue to deliver products and services that exceeds your expectations.

Together we will continue the journey of success and achievements.

STRATEGY

V I S I O N

To be the preeminent architect of luminous environments in the Middle East, setting the definitive standard for lighting that harmonizes visionary engineering, transformative aesthetics, and ecological stewardship for the world's most ambitious landscapes and interiors.

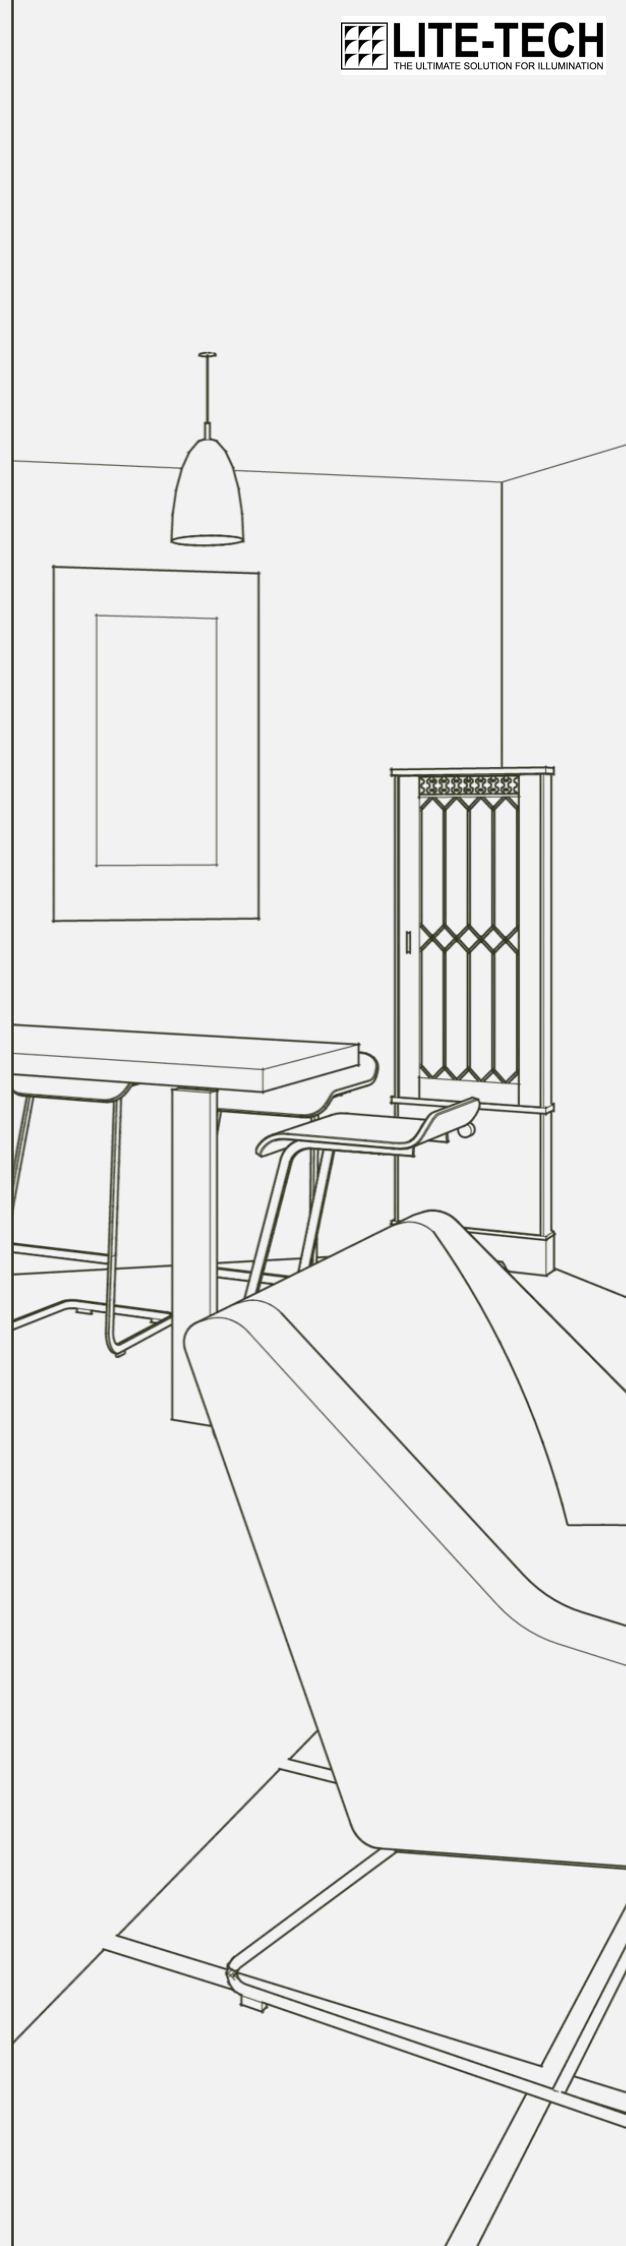

M I S S I O N

Our mission is to conceive and fabricate the epitome of LED illumination, where each fixture represents a meticulous curation of advanced photometrics, unparalleled durability for our any climatic conditions, and sophisticated design. We achieve this through a symphony of cutting-edge innovation, profound collaborative partnerships with architects and designers, and an unwavering dedication to quality that eschews ephemeral trends. We exist to transform luminous concepts into tangible reality, elevating both monumental and quotidian spaces into experiences of exceptional performance, sustainability, and artistry.

Q U A L I T Y P O L I C Y

LITE TECH will supply lighting fixtures and associated electrical spares and accessories meeting the quality standards and requirements desired by our clients and customers. We will actively pursue the path of continual improvement to enhance the product and performance quality throughout the implementation of ISO 9001:2015 standards, planned programs, imbuing necessary quality consciousness to all the employees and by adhering applicable regulatory requirements. We shall periodically review the policy and the establishment objectives for ongoing suitability and effectiveness to the organization.

Philips Lighting

Date: 4-3-2015

Dear Sir/Madam,

In response to your questions about the relationship between Lite-Tech and Philips, please note the following:

Lite-tech is currently a joint venture between Masharie LLC and Philips Lighting Holding B. V. (Philips holds a 40% share). Lite-tech sells Lite-tech branded luminaires to the market. For the manufacturing of luminaires, Lite-tech uses third party components, including Philips components. In addition, Lite-tech manufactures as an OEM a conventional indoor & outdoor lighting product ranges for Philips. Please note, however, that Lite-tech does not sell Philips Lighting products or Philips branded products on Philips' behalf.

Kind regards,

Paolo Cervini

President Philips Lighting Middle East & Turkey
